Friday, 30 September, 2016 | 9.00–17.30

Salle communale du Môle (rue du Môle 21) | Geneva, Switzerland

Join Health Action International and Public Eye (previously called the Berne Declaration) for a public conference to debate issues related to (1) the globalisation of clinical trials and ethics, (2) recent developments on clinical trial data transparency, (3) evidence generation requirements for marketing authorisation and new regulatory paradigms, such as adaptive pathways, and (4) the way forward for needs-driven biomedical research. Each panel session will consist of 3 to 4 short presentations followed by a Q&A discussion with the audience. Lunch provided.
